CALLIGRAPHY

If you're like me and you geek out over calligraphy and handlettering that I know we're gonna be friends ;) I love to include calligraphy in almost everything I create so here are all the details on everything handwritten. In your invitations all of the script you see is all done carefully by hand. The method of most calligraphy is with a pointed pen and pot of ink to dip in. Alternatively I am able to use a brush with paint or digitally write your words so they can be applied to whatever you need.

PRICING FOR CALLIGRAPHY SERVICES:

GUEST ADDRESS ON MAIN ENVELOPE - \$3.00

**Does not include envelope*

PLACE CARDS - \$2-3.00 EACH

**Pricing may vary depending on material, size and design*

HAND MIXED CUSTOM INK COLORS - \$40

**Colors included are black, white + gold*

RSVP ADDRESS ON BACK OF MAIN ENVELOPE
AND FRONT OF RSVP ENVELOPE - \$65

For these I love to provide a custom rubber stamp of the address. I can design your names and address, turn it into a rubber stamp that can be used on both your main and rsvp envelopes and be used again after the wedding! That way the address beautifully matches the calligraphy on the front and cuts way down on the cost and time it would take to hand write them.

Frequently ASKED QUESTIONS:

DO YOU HAND WRITE EVERYTHING?
LIKE INVITES TOO?

Things like envelopes and place cards are written by hand, every single piece. For pieces that are printed like invitations and programs, the text is written by hand once and then digitally applied to the design and mass printed

CAN YOU DO CALLIGRAPHY ON ANYTHING?

So far, I haven't found a material that I couldn't write on. In some cases, pointed pen calligraphy is not an option so I can either use a brush, pen or printed method to get beautiful handlettering on virtually any surface.
